

Number of students indirectly reached by NSF INCLUDES Alliances

Student Type	2019-20 SY		2020-21 SY	
	Number	Percent	Number	Percent
All students	16,073	100.0%	4,003	100%
Elementary school students	0	0.0%	0	0%
Middle school students	77	0.5%	82	2%
High school students	2,398	14.9%	3,921	98%
Other PreK–12 students (<i>cannot distinguish PreK–12 levels</i>)	0	0.0%	0	0%
Undergraduate students at 2-year institutions of higher education (IHE)	678	4.2%	0	0%
Undergraduate students at 4-year IHEs ¹	12,176	75.8%	0	0%
Graduate students ² at 4-year IHEs	744	4.6%	0	0%
Post-secondary students (cannot distinguish IHE levels)	0	0.0%	0	0%
Pre-K–20 students (<i>cannot distinguish PreK–20 levels</i>)	0	0.0%	0	0%

Note: *Indirect* refers to those students indirectly engaged by a project (e.g., students who benefited from a defined broadening participation STEM education reform program, event, or activity without being aware of their engagement in that program, event, or activity).

¹ Includes doctoral-granting institutions, master's colleges and universities, and baccalaureate colleges.

² Refers to graduate students who are engaged in graduate-level studies.
